Any proposal for additional or different terms and conditions (whether included in Seller's quote, acknowledgement, or any other document) is rejected unless accepted in writing by the Buyer.

3. Assignment

- B. Buyer may make direct settlements or adjustments in price, or both, with Seller under the terms of this Order notwithstanding any assignment of claims for money due or to become due under this Order and without notice to the assignee. Any assignment or attempt to assign or subcontract Seller's obligations under this Order without the advance written consent of Buyer shall be null and void and shall give Buyer the right to terminate this Order for default.

Each of the parties knowingly, voluntarily and irrevocably submits to the exclusive jurisdiction of each such court in any such action or proceeding and waives any objection it may now or hereafter have to venue or to convenience of forum. Any claim against Buyer shall be barred unless Seller has requested that it be resolved in accordance with this Article within one year of the date the dispute arose, which shall be the effective date of termination if the dispute is related to termination.

WAIVER OF JURY TRIAL.

B. As directed by Buyer, Seller shall transfer title and possession to Buyer of any inventory and property, including plans, drawings, and information held by Seller which is for Buyer's Order. In accordance with Buyer's instructions, Seller shall assign to Buyer all right, title, and interest of Seller under the subcontracts of Seller that are terminated, in which case Buyer shall have the right to settle or to pay any termination settlement proposal arising out of those terminations. With approval or ratification to the extent required by Buyer, Seller shall settle all outstanding liabilities and termination settlement proposals arising from the termination of Seller's subcontracts; the approval or ratification will be final for purposes of this clause.

C. Seller shall submit a termination settlement proposal within thirty (30) days after the effective date of the termination notice incorporating all claims of Seller in the form and with the certification prescribed by Buyer. Seller and Buyer may agree upon the whole or any part of the amount to be paid because of the termination and the Order shall be amended and Seller paid the agreed amount. In no event shall payment to Seller exceed the total Order price as reduced by the amount of payments previously made and the Order price of work not terminated. The cost principles and procedures of FAR Part 31, in effect on the date of this Order, shall govern all costs claimed, agreed to, or determined under this clause.

D. Unless otherwise provided in this Order, Seller shall maintain all records and documents relating to the terminated portion of this Order for three (3) years after final settlement. This includes all books and other evidence bearing on Seller's costs and expenses under this Order. Seller shall make these records and documents available to Buyer, at Seller's office, at all reasonable times, without any direct charge.

B. If Buyer terminates this Order in whole or in part, it may acquire, under the terms and in the manner Buyer considers appropriate, Products or Services similar to those terminated, and Seller will be liable to Buyer for any excess costs for those Products or Services. However, Seller shall continue the work not terminated. In addition, Buyer may rework or repair any Product or re-perform any Service, at Seller's cost.

C. If this Order is terminated for default, Buyer may require Seller to transfer title and deliver to Buyer, as directed by Buyer, any (1) completed Products, and (2) partially completed Products and (3) materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that Seller has specifically produced or acquired for the terminated portion of this Order. Seller agrees to keep necessary records supporting such Inventions and discoveries and will furnish to Buyer upon request all such records.

E. All Inventions resulting from the Works shall be the sole property of Buyer. Buyer shall have the full right to use such Inventions in any manner without any claim on the part of Seller and without any duty to account to Seller for such use. With respect to copyrightable Works, Buyer and Seller agree that any such works which qualify as commissioned works under the Copyright Act are considered “works made for hire” with copyright ownership in Buyer; otherwise, Seller agrees to assign, and does hereby assign copyright ownership of the works to Buyer. Seller shall not, unless otherwise authorized in writing by Buyer, disclose to anyone other than Buyer any Inventions or other Data developed under this Order, or any information disclosed to Seller by Buyer, and shall not use such Inventions or information for any purpose other than the performance of this Order. Such Inventions and information shall be considered Buyer Proprietary Information and marked as such by Seller.

F. Seller shall not include any Background Intellectual Property or any third party Intellectual Property in any Intellectual Property delivered or provided hereunder without the express written consent of Buyer. Seller hereby grants, and agrees to grant to Buyer an unlimited, irrevocable, paid-up, royalty-free right and license to make, have made, sell, offer for sale, use, execute, reproduce, display, perform, distribute (internally or externally) copies of, and prepare derivative works of any Background Intellectual Property hereunder owned by Seller therein.

G. This Order does not confer or grant, in any manner whatsoever, any license or right under any patent, trademark, trade secret, mask work, copyright or other intellectual property right held by Buyer, unless specifically set forth in the body of the Order.

H. If requested by Buyer at any time before closeout of this Order, Seller shall deposit, at Buyer's expense, copies of all information, such as manuals, computer programs/software, specifications, designs, drawings, procedures, and processes, whether or not copyrightable or patentable, which are necessary and sufficient to permit Buyer to make, have made, use, test, qualify, operate, install, integrate, sell, offer for sale and maintain the deliverables under this Order (“Required IP”), with a mutually acceptable escrow agent. The terms of such escrow arrangement shall be set forth in a mutually agreed upon escrow agreement (“Escrow Agreement”), including, without limitation, appropriate confidentiality provisions, provided, however, that such Escrow Agreement shall contain the Release Conditions as hereinafter defined.

I. Buyer shall be entitled to receive a copy of Required IP; and Seller hereby grants to Buyer a nonexclusive, irrevocable, royalty free, worldwide nontransferable right and license to copy, use, modify or create derivatives of the Required IP to make, have made, use, test, qualify, operate, install, integrate, sell, offer for sale, maintain, upgrade and repair the deliverables if, and only if: Seller ceases doing business in the ordinary course; Seller becomes a party to any bankruptcy or receivership proceedings which are not dismissed within sixty (60) days; or Seller fails to meet the delivery schedule of associated with this Order as to be in default of this Order (after passage of any cure periods) ((A), (C) and (D) of this sentence are, collectively, the "Release Conditions").

Seller shall, from time to time, update, the Required IP as deemed necessary by Seller to include all Required IP necessary for Buyer to exercise the license.

B. Seller shall indemnify, defend, and hold harmless Buyer, its directors, officers, employees, consultants, agents, affiliates, successors, permitted assigns and customers (“Indemnitees”) from and against all claims, suits, actions, awards (including, but not limited to, awards based on intentional infringement of patents known at the time of such infringement, exceeding actual damages and/or including attorney's fees and/or costs), liabilities, damages, costs and attorney's fees related to the actual or alleged infringement of any U.S. or foreign intellectual property right (including, but not limited to, any right in a patent, copyright, industrial design or semiconductor mask work, or based on misappropriation or wrongful use of information or documents) and arising out of the performance of Seller under this Order or the manufacture, sale or use of Products delivered by Seller under this Order, or the provision of Services by Seller under this Order, by either Buyer or Buyer's customer (“Infringement Claims”). Buyer and/or its customer will duly notify Seller of any such Infringement Claim and Seller will, at its own expense, fully defend such Infringement Claim on behalf of the Indemnitees. Seller will have no obligation under this clause with regard to any infringement arising from (a) the compliance of Seller's new Product design with formal specifications issued by Buyer where infringement could not be avoided in complying with such specifications or (b) use or sale of Products for other than their intended application in combination with other items when such infringement would not have occurred from the use or sale of those Products solely for the purpose for which they were designed or sold by Seller.

C. If the manufacture, use or sale of a Product delivered by Seller under this Order is likely to be or is enjoined as a result of a suit, Seller, at no expense to Buyer, shall obtain for Buyer and its customer the right to use and sell the Product or shall substitute an equivalent Product acceptable to Buyer, at its sole discretion, and extend this indemnification thereto.

D. Notwithstanding the foregoing, when this Order is performed under the authorization and consent of the U.S. Government to infringe U.S. Patents, Seller's liability for U.S. patent infringement under this Order shall be coextensive with Buyer's liability.

Seller also agrees to indemnify, defend, and hold harmless the Indemnitees from and against all costs, losses, expenses, damages, claims, suits, or any liability whatsoever (including attorneys' fees), arising out of or in connection with Seller's violation of any applicable laws, executive order or regulation. Buyer will inform Seller of any claim, demand or suit asserted or instituted against it and, to the extent of Buyer's ability to do so, permit Seller to defend the same or make settlement in respect thereof. If Seller fails to indemnify, defend, and hold harmless Buyer as provided in this clause, then Seller shall pay for any damages, attorney's fees, and any other fees, costs, and expenses that may be incurred by Buyer in the defense of any action related to this Order and/or in the prosecution of any action to enforce the provisions of this clause.

B. Seller will name Buyer as an additional insured under all liability policies required under this Order, will provide Buyer certificate(s) of insurance and thirty (30) days prior written notice of cancellation or material change of any such coverage. Acceptance of such evidence by Buyer shall not be deemed a waiver or release of such liabilities or Seller's duty to indemnify.

15. Furnished Property

A. Title to all property furnished to Seller by Buyer or paid for by Buyer shall remain with Buyer. After such period, if it has not been located, the property shall be deemed "lost" and at Buyer's election, Seller shall either reimburse Buyer for the replacement and all related delay costs, or remake the lost property at no cost to Buyer.

C. Seller shall return all such property in a condition as good as when received except for reasonable wear and tear. Seller shall establish and maintain a property control system approved by Buyer. At all times, Buyer shall have access to Seller's facilities for the purpose of reviewing its compliance with the management of Buyer property related to this Order.

Notwithstanding Buyer's right to audit in paragraph (A) above, all Goods and Services supplied under this Order shall be received subject to Buyer's right of inspection, count, testing, acceptance and/or rejection per the technical specifications. Payment for Goods and/or Services delivered hereunder shall not constitute acceptance thereof, and all payments against documents shall be made with a reservation of rights by Buyer for defects in Goods and/or Services, including, without limitation, defects apparent on the face thereof. The making of, or failure to make, any inspection or acceptance of the Goods or Services shall in no way impair Buyer's right to reject nonconforming Goods or Services or to avail Buyer of any other remedies to which it may be entitled.

D. Seller certifies that it shall provide and maintain quality control, inspection, and process control systems in accordance with Buyer's **MM03 Supplier Requirements Manual (unless an alternative manual is identified on the face of the Order)**, and other quality requirements as specified. B. If a SWO issued under this clause is canceled or the period of that SWO or any extension thereof expires, Seller shall resume work. Buyer shall make an equitable adjustment in the delivery schedule or Order price, or both, and this Order shall be modified in writing accordingly if (1) the SWO results in an increase in the time required for, or in Seller's cost properly allocable to, the performance of any part of this Order; and (2) Seller asserts its rights to the adjustment within twenty (20) days after the end of the period of work stoppage.

C. If a SWO is not canceled and the work covered by the SWO is terminated for the convenience of Buyer, Buyer shall allow reasonable costs resulting from the SWO in arriving at the termination settlement.
